

Experts in Apostille &
Legalisation Services

CDN Consular Services History

CDN Consular Services opened its doors on February 1st, 1983.

Starting from a small office in Staines, Middlesex with a staff of four, the Company has now grown to a 45 strong team operating from a 5000 sq ft, three storey corporate headquarters in Egham, Surrey. Building on our expertise in export documentation we have expanded our skills to include translations, regulatory affairs, legal and IP, passports & visas and international legalisation.

The Apostille legalisation department grew from a requirement within CDN's existing client base. It became apparent that the services available at that time were very limited.

We established a department trained solely in FCO practices and are now the largest provider of these services within the UK and Europe.

FCO Apostille

The legalisation process carried out by the Foreign and Commonwealth Office is official confirmation that the signature, seal or stamp appearing on your document is genuine.

We have developed a one stop solution with our FCO legalisation service. Our trained team can provide either a standard next day service via the Milton Keynes FCO Office, or for more urgent time sensitive requirements we can provide a same day service through the London Premium Office.

Our own dedicated fully trained couriers ensure all documents are lodged and collected securely.

Translations

Our translation services provide a multilingual support across all sectors including official certified translations.

We have developed a network of qualified translation partners to enable us to provide a fast, cost effective solution.

Embassy Legalisation / Courier Services

Embassy Legalisation / Courier Services

Upon completion by the FCO, we can further process the documents if required via any Chamber of Commerce, Embassy or Consulate and either return the documents to you or we can forward them directly to the client on your behalf.

Scanned copies and tracking numbers will be emailed.

- Embassy Legalisation
- Arab British Chamber of Commerce Certification
